The Genesis of Unlimited Power

Unlimited Power is one of Tony Robbins' most influential works, first published in 1986. It encapsulates his philosophy that every individual possesses the inner capacity to achieve extraordinary results through the mastery of their mind and body. The core premise? Limitations are

often self-imposed, and with the right strategies, anyone can break free from mental barriers and unlock their true potential.

This book and the associated programs serve as a comprehensive guide to understanding the power of human physiology, neuro-linguistic programming (NLP), and strategic thinking.
