Structured Symptom Tracking

One of the core strengths of this asthma diary is its structured symptom tracking system. The symptom severity scales are often accompanied by color-coded visuals?green for good days, yellow for caution, and red for asthma exacerbations?allowing users to grasp their condition at a glance.

This structure enables:

This detailed logging helps users evaluate their adherence and assess the effectiveness of their medication regimen.

Peak Flow Monitoring

Peak flow meters are vital tools for asthma control, providing numeric data on airway obstruction. This diary incorporates a dedicated area for recording daily peak flow readings, often with pre-printed zones indicating safe, caution, and danger zones.
