1. Delegation and Decentralization

Buffett's philosophy hinges on trusting managers and giving them the autonomy to run their businesses as if they were owners. - Encourages entrepreneurial spirit within subsidiaries
- Maintains a clear focus on operational excellence

Implementation in practice:

Berkshire Hathaway's subsidiaries operate with considerable independence. Managers are incentivized through performance-based compensation and are trusted to make strategic decisions aligned with Berkshire's overall values.

2. Focus on Long-Term Value

Buffett's management style is rooted in a long-term perspective. He advocates for investments and management decisions that prioritize sustained growth over short-term gains. This approach influences how subsidiaries are run, emphasizing quality, customer satisfaction, and sustainable profitability.
